Your IP phone number

8 digits number

*not put PIN number

③ Go to 050 Free.

Registered correctly
Firstly you should have ¥1000 credit

Un-authorized

*including ¥1,000 charges(credit)

*rate→

<https://www.brastel.com/personal/rates/eng/>

*This is IP phone, with some restrictions, you cannot call like police, ambulance, emergency call, 119, 104, 110, 113, and so on.

*you can charge by yourself after using ¥1000.

Most international Credit Card is not accepted, please use `with cash` way or paypal.

The Brastel Card is a prepaid calling card for domestic and international calls. In addition you can also recharge the SIM card with the Brastel Card's credit.

INITIAL SETUP

1 INSTALL & SET UP APPLICATION

Please follow these instructions:

STEP 1 On App Store/ Google Play, search for 050 Free app and install it for free.

STEP 2 On the setup screen enter your Brastel Card's User ID and SIP password, and tap on Sign in.

STEP 3 Go to Settings > Preferences > Controls, disable Show GSM button and press Done.

FOR UP THE BRASTEL CARD

- With cash** Take the enclosed payment coupon to one of the convenience stores indicated on its back and hand it to the clerk.
- With credit card or PayPal** Open the 050 Free app, access My Account at Settings > Account Setup > Go to My Account, select Make a payment.

PLACE CALLS

- TO NUMBERS IN JAPAN:** Enter the destination number, starting from the area code. Example of a call to our customer service: **0120659534**
- TO NUMBERS OVERSEAS:** Enter the destination phone number, starting from the country code followed by the area code (without the first zero): **Country Code + Area Code + Phone Number**

For incoming calls, please contact our customer service. We will issue a phone number to your account.

RECHARGE THE SIM CARD

Please ignore this part, this is not our sim card.
